Profile

I am a Frontend Developer with expertise in crafting robust and dynamic web applications. With proficiency in HTML, CSS, and JavaScript, coupled with specialized skills in Tailwind CSS, TypeScript, and Next.js, I thrive on delivering elegant and performant user interfaces.

Education

Certificate of Completion in

Frontend Development,

Stutern Graduate Accelerator

September 2022 – March 2023

Lagos, Nigeria

Soft Skills

Logical-analytical ability

Ability to work independently

Teamwork/Collaboration

Curious to learn

Hard Skills

HTML/CSS/JavaScript

Extensive experience in building responsive and visually appealing layouts while ensuring cross-browser compatibility and accessibility standards are met.

Tailwind CSS

Proficient in utilizing Tailwind CSS to expedite frontend development, leveraging its utility-first approach to create scalable and maintainable styles.

TypeScript

Strong proficiency in TypeScript, enhancing code quality, harnessing its static typing features for maintainable code.

Next.js

Advanced understanding and practical application of Next.js, harnessing its power for server-side rendering, static site generation, API routes, and server actions to build high-performance web applications.

Professional Experience

Web Developer, *Finkeep*

November 2023 – present | Lagos, Nigeria

-Championed a full-stack web application that provides book-keeping services to small businesses.

-Analyzed business and technical requirements to build the application.

-Successfully implemented a dashboard for monitoring revenue and customer's invoice status.

-Currently creating features for customer and product registration.

-Technologies Used: React, Typescript, Javascript, Next.js, Tailwindcss, PostgreSQL

Frontend Developer, *Quiz Me*

August 2023 – October 2023 | Lagos, Nigeria

-Led the software development lifecycle for creating and launching a quiz web application that allows users to select from a variety of topics to be quizzed on.

-Utilized React, TypeScript and Tailwindcss to enhance front-end functionalities.

-Built an intuitive user-friendly interface, ensuring responsiveness across various screen sizes.

-Technologies Used: React, Typescript, Tailwindcss, zustand, and Git.
